Why Engaged Encounter?

Engaged Encounter is an intense 2-day internationally recognized weekend offering you the time and opportunity to question, examine, and deepen your relationship with each other and God.

Engaged Encounter is the only Marriage Prep program offered in the Phoenix Metropolitan area that is authorized by most Dioceses across the world.

Through a series of writings and sharing exercises you both will be challenged to explore many aspects of your relationship. Throughout the weekend you will actively engage in dialogue in three major themes encompassing 16 unique presentations by married presenting team couples. After each presentation you will reflect on a series of questions aligned with the preceding presentation. Individually the questions are answered in writing. What you write individually will be exchanged and read by your fiancée. Time is then allowed for you to share and reflect on these writings.

Some of the areas and topics covered in the presentation sessions include:

- * Self-awareness
- * Communication
- * Unity
- * Forgiveness
- * Marriage Readiness
- * Family of Origin
- * Children
- * Decision Making
- * Sacrament
- * Romance & Intimacy

In addition to the many private sharing sessions offered to build your relationship, there is also time to interact with other couples in the group. A prayer service on Saturday evening and a Sunday Eucharistic celebration also occurs as part of the weekend experience.

Although the Engaged Encounter experience is Catholic centered, the main focus is on the development of your relationship and how you relate to others including your church community.
